***ENERGY DESIGNS & TRADING Co.*** (With Limited Liability)

# ABOUT US

Energy Design & Trading prides itself as an established distributor and whole sale provider. We offer a vast portfolio of HVAC products, ranging from multiple manufacturers from over 4 continents. We are proud to have been providing our service in Qatar for the last 15 years. Our main expertise lies within our dedicated focus in continuously providing our clients with the best quality service and customer satisfaction, and this is achieved by executing our **3 Pillar Business Model**.

# Our 3 Pillar Business Model

## Customer Satisfaction

We aim to satisfy our customers on all fronts of our business offerings and services. We like to focus on the relationships we build with our clients, and try to solidify their trust and respect through fair business practice, and high quality service

## Quality & Reliability

Our main focus is to provide our customers with the confidence, that when dealing with us, they can always expect high quality products and service, as well as they could rely on us, and our products

## Extensive Product Offering

Our vast product list is achieved by representing most of the major international manufactures from across the Globe (USA, Europe, and Asian), and providing our customers with the most options for their convenience.
